Geriatrics

DEVOTED TO DISEASES AND PROCESSES OF AGING

✦

INDEX
to
VOLUME 16

✦

January 1961 — December 1961

SUBJECT INDEX

Accidents, automobile
likelihood (editorial), 317
relationship to aging, 271

Acromegaly (clinical conference), 604

Adenocarcinoma of pancreas (clinicopathologic conference), 52

Aging and the aged
age and the ring (current comment), 434
air pilots, relation of aging to performance, 82
ancestry of long-lived (editorial), 164
automotive accidents
likelihood (editorial), 317
relationship to aging, 271
bodies of older persons contain much fat (editorial), 490
boredom and idleness as major social problems, 672
"cold gradation of decay" (editorial), 491
community organization on problems of aging (current comment), 208
crime, medical and sociologic characteristics in aging, 177
family physician, community, and aged, 321
farmers, their increasing age (editorial), 490
financial resources (current comment), 501
grief strikes aged (editorial), 433
growing down (current comment), 258
health progress, fifty years (current comment), 368
home management of older patients (current comment), 369
influenza and aged (current comment), 110
insurance and welfare in Switzerland, 203
interest, popular, in aging (current comment), 494
longevity, new statistics (current comment), 166
mathematical formulas for aging and mortality (editorial), 108
medical and health care, 120
medical outlook, 185
medical treatment of functionally ill patient, 182
moral judgments and aging (current comment), 499
Osler and chloroform at 60 (editorial), 109
parent outlives child who was supporting him (editorial), 165
political aspects (current comment), 319
profile of aging: U.S.A., 336
program of positive living for senior citizens (editorial), 60
psychologic theory, new (current comment), 501
research, basic, Federation reports (current comment), 492
rocking chairs for pepping up oldsters (current comment), 260
Rubner, Max, on aging, 44
sexual capacities in male, 37
skin aging and hair graying in Hiroshima, effects of radiation, 27
social adjustment of Spanish–American war veterans, 641
social environment and the geriatric patient (editorial), 629
sociocultural influences on adjustment, 631
welfare policies relating to income and tax status, 193
see also Geriatrics and gerontology
see also White House Conference on Aging

Amytal for sedative test in hypertensive patients, 397

Aneurysm of basilar artery (clinicopathologic conference), 157

Angina, isosorbide dinitrate for, 520

Arteries
aortic stenosis and sudden death, 351
basilar, arteriosclerotic aneurysm (clinicopathologic conference), 157
carotid, internal, strokes and thromboses (editorial), 498
carotid, surgery for cerebrovascular accident, 508
coronary diseases, hyperlipemia, 374
strokes, little, prevention (current comment), 370

Aspirin action, new evidence (current comment), 110

Atheroarteriosclerosis, experimental inquiry into pathogenesis, 581

Atherosclerosis
begins in the brain and aorta (editorial), 317
heparin, intravenous, effect on alimentary lipemia, 444
hypercholesterolemia, management, 343
pathogenesis, and dietary cholesterol, 407

B

Bierring, Walter L., M.D., an appreciation, 355

Blood
heparin, intravenous, effect on alimentary lipemia, 444

hyperlipemia, 374
sludged (current comment), 370
see also Hypertension

Bones *see* Osteoarthritis

Book Reviews

The Torch (Penfield), 38A (May)
Trauma in the aged (Bick), 28A (June)
Trifluoperazine (Moyer), 58A (Jan.)
Typical Gynecologic Operations (Tapfer), 40A (Mar.)
Valvular Diseases of the Heart in Old Age (Bedford & Caird), 68A (Oct.)
Visual Aids in Cardiologic Diagnosis and Treatment (Master & Donoso), 80A (Sept.)
What Women Want to Know About Wills (MacNeill), 40A (Feb.)
Why Patients See Doctors (Standish, Jr., et al.), 42A (Apr.)
Year Book of Drug Therapy (Beckman), 46A (Feb.)
You're Older Than You Think (Gernant), 28A (June)

Bowel motility, 189

Brain
aorta, when atherosclerosis begins in (editorial), 317
syndrome, chronic, L-Glutavite compared to Ritalin combination, 311
see also Cerebral

C

Cancer
hopeless, keep seeing patient with (editorial), 256
islet cell associated with hyperinsulinism, 551
pancreas (clinicopathologic conference), 555
prostate (clinicopathologic conference), 555

CARDIOVASCULAR DISEASES (Special Issue)
cholesterol, dietary, and pathogenesis of atherosclerosis, 407
embolism, pulmonary, recurrent, as remediable cause of heart failure, 423
foreword, 372
heart disease, coronary, racial patterns, 382
hypercholesteremia, side effects of nicotinic acid in treatment, 416
hyperlipemia, 374
hypertensive patients, changes in mortality rates in a decade, 397

Carlson, Anton J., 1875-1956, 541

Cerebral infarction, 278
see also Brain

Cerebrovascular accidents *see* Arteries

Chest disease, progress in the field, 488

Cholesterol
dietary, and pathogenesis of atherosclerosis, 407
hypercholesterolemia, management, 343
hyperlipemia, 374
nicotinic acid in treatment of hypercholesteremia, side effects, 416
serum, racial patterns, 382

Choloxin for management of hypercholesterolemia, 343

Clinical conferences
acromegaly, 604
masked hyperthyroidism, 362

Clinicopathologic conferences
adenocarcinoma of pancreas, 52
aneurysm of basilar artery, 157
carcinoma of prostate and pancreas, 555
heart diseases, rheumatic, with diabetes mellitus, 471
histoplasmosis, disseminated, 248
Laennec's cirrhosis, 100

Colon, diverticulosis of, changing concepts, 14

Connective tissues of human musculoskeletal system, 448

Constipation, bowel motility, 189

Crime in aging, medical and sociologic characteristics, 177

D

Diabetes
oral hypoglycemic therapy, 209
remedy, new (current comment), 70A (June)
with atrophy of pancreas and rheumatic heart diseases (clinicopathologic conference), 471

Diuretics, guanethidine and hydrochlorothiazide for hypertension, 577

Diverticulosis of colon, changing concepts, 14

Drugs
antihypertensive, syrosingopine in combination with hydrochlorothiazide, 21
antihypertensive, use of, reflected in mortality rates in a decade, 397
aspirin action, new evidence (current comment), 110
chlorpropamide for treatment of diabetic patients, 209
hypoglycemic, oral therapy in older diabetic patients, 209
isosorbide dinitrate, clinical efficacy, 520
procaine, lack of rejuvenating effect (editorial), 257
senna preparations for constipation, 189
tolbutamide for treatment of diabetic patients, 209
see also Diuretics; specific drugs

E

Education
professional personnel, training, 131
recommendations, White House Conference on Aging, 129

Embolism, recurrent pulmonary, as remediable cause of heart failure, 423

Emotional problems *see* Psychiatric problems

Employment
expectations in rural community, 664
jobs for persons over 65 (current comment), 495
security and retirement, 119
therapy of purposeful work, 231

Esidrix in treatment of hypertension, 21

Eyeglasses for aged (current comment), 502

F

Family life, 133

Fat *see* Cholesterol; Obesity

Foot care, value to aged (editorial), 256

G

Gantrisin for treatment of stress incontinence in women, 300

Geriatrics and gerontology
biological research, 139
Geriatrics and the doctor (editorial), 497
home management of older patients (current comment), 369
interprofessional cooperation (editorial), 108
medical and health care, 120
medical research, 142
medical treatment of functionally ill patient, 182
psychological and social science research, 143
University of Michigan extension service program in gerontology, 619

H

Hair graying and skin aging in Hiroshima, effects of radiation, 27

Heart
anginal pain, isosorbide dinitrate for, 520
arrhythmias, treatment, 1
disease, coronary
clues to development, 69
racial patterns, 382
disease, rheumatic, with diabetes mellitus (clinicopathologic conference), 471
failure, recurrent pulmonary embolism as remediable cause, 423
loafer's (current comment), 259

Hirsch, Samson-Raphael (current comment), 320

Histoplasmosis, disseminated (clinicopathologic conference), 248

Homes, nursing *see* Housing

Hospitals, day, for geriatric patients, 89

Housing
living arrangements and mobility of aged (editorial), 256
nursing homes
better, 647
care, another approach, 651
more on (editorial), 561
public, of elderly in Chicago, 655
recommendations, White House Conference on Aging, 127

Hyperinsulinism due to islet cell carcinoma, 551

Hypertension
climate affecting (current comment), 370
elevated, and mortality rate (editorial), 207
mortality rates, changes of treated patients in decade, 397
racial patterns, 382
relationship to chronic pyelonephritis, 503
sociologic and economic influences after age 65, 218
treatment, 21
treatment with guanethidine and hydrochlorothiazide, 577

I

Income
maintenance, including financing of health costs, 114
welfare policies relating to income and tax status, 193

Industrial medicine, factory worker may have to be retired (editorial), 491

Influenza and aged (current comment), 110

Insurance
health, comparison of proposals for older persons, 1961 (reprint), 360
old age, and welfare in Switzerland, 203

Isordil for treatment of angina, 520

K

Kidney, pyelonephritis and hypertension, 503

Kynex for treatment of stress incontinence in women, 300

L

Laennec's cirrhosis (clinicopathologic conference), 100

Leg, vascular diseases, 328

Letters to the editor, 88A (Jan.); 58A (Feb.); 54A (Apr.); 50A (June); 68A (July); 70A (Sept.)

L-Glutavite in chronic brain syndrome, 311

Liver, Laennec's cirrhosis (clinicopathologic conference), 100

Longevity, new statistics (current comment), 166

M

Meals on wheels: 1960, 237

Medical
- health care, 120
- outlook on aged, 185
- research, White House Conference on Aging, 142
- treatment of functionally ill geriatric patient, 182

Memory, effects of ribonucleic acid, 74

Mental states *see* Psychiatric problems

Metabolism and work capacity, 482

Michigan, University of, extension service program in gerontology, 619

Moore, Elon Howard, pioneer in sociology of aging and retirement, 626

Mortality rates, relationship to entrance to home for aged, 515

N

Nervous system
- deep reflexes in old age (editorial), 207
- neurologic changes in aged (current comment), 495

Nicalex, side effects, in treatment of hypercholesteremia, 416

Nicospan, side effects, in treatment of hypercholesteremia, 416

Nicotinic acid, side effects, in treatment of hypercholesteremia, 416

Nursing homes *see* Housing

O

Obesity, racial patterns, 382

Osteoarthritis
- collection of particular diseases in old age, 167
- experimental, animals, 94
- genetic influence, 485

P

Pain, chronic, control, 568

Pancreas
- adenocarcinoma (clinicopathologic conference), 52
- carcinoma (clinicopathologic conference), 555

Parkinsonism, Dr. Cooper's operation for (current comment), 258

Population
- aging, communities plan for (current comment), 319
- trends, social and economic implications, 112

Pottenger, Dr. Francis, dies (current comment), 496

Procaine, lack of rejuvenating effect (editorial), 257

Program for positive living for senior citizens (editorial), 60

Prostate
- carcinoma (clinicopathologic conference), 555
- inflammations, modern concepts, 63

Prostatectomy, transsacral, in octogenarian, 153

Psychiatric problems
- geriatric psychiatric population, characteristics affecting hospital discharge, 612
- L-Glutavite in chronic brain syndrome, 311
- memory, effects of ribonucleic acid, 74
- mental health of normal older persons, 459
- mental illness, geriatric, 306
- mental patients over 65 (current comment), 70A (June)
- psychological and social science research, 143
- psychotherapy and group recreation for hospitalized geriatric patients, 598
- psychotherapy, supportive, with aged transient, 454
- Ritalin combination in chronic brain syndrome, 311

R

Radiation
- and aging, a review (current comment), 562
- hair graying and skin aging in Hiroshima, 27

Recreation
- accomplishments for geriatric patients, 623
- and psychotherapy program for hospitalized geriatric patients, 598
- voluntary services, free-time activities, 135

Rehabilitation, recommendations, White House Conference on Aging, 123

Religion
- and aging, 137
- study of church attendance in Detroit, 530

Retirement
- employment security, 119
- expectations in rural community, 664
- factory worker may have to be retired (editorial), 491
- farm, in United States, 465
- impact of inflation, 117
- retired doctor goes back to practice (current comment), 208

retired men needed in Peace Corps (current comment), 70A (June)

Ribonucleic acid, effects on memory, 74

Ritalin combination in chronic brain syndrome, 311

Rubner, Max, on aging, 44

S

Salicylates for control of chronic pain, 568

Senokot for treatment of constipation, 189

Senotab for treatment of constipation, 189

Sexual capacities in aging male, 37

Singoserp in treatment of hypertension, 21

Skin aging and hair graying in Hiroshima, effects of radiation, 27

Social services
- communities plan for their aging population (current comment), 319
- community organization, 145
- community organization on problems of aging (current comment), 208
- federal organizations and programs, 150
- meals on wheels: 1960, 237
- national voluntary services and service organizations, 149
- program for positive living for senior citizens (editorial), 60
- recommendations, White House Conference on Aging, 126
- state organization, 147

Strokes, little, prevention (current comment), 370
- *see also* Arteries

Suprarenal gland, studies in old age, 226

Syrosingopine for treatment of hypertension, 21

T

Tandearil for treatment of rheumatoid arthritis and connective tissue disorders, 486

Thyroid
- gland after age 50, 435
- masked hyperthyroidism (clinical conference), 362

Triparanol for management of hypercholesterolemia, 343

Tuohy, Edward L., pioneer in geriatric medicine, 479

U

Urecholine for treatment of stress incontinence in women, 300

Urinary tract
- problems in elderly, 261
- prostate, inflammations, 63
- stress incontinence in women, 300
- transsacral prostatectomy in octogenarian, 153

V

Vascular diseases of leg, 328

W

Warren, Dr. Marjory (current comment), 66A (Apr.)

Welfare *see* Insurance; Aging and the aged

White House Conference on Aging (Special Issue)
- education, 129
- employment security and retirement, 119
- family life, 133
- federal organizations and programs, 150
- free-time activities: recreation, voluntary services, citizenship participation, 135
- health and medical care, 120
- housing, 127
- income maintenance, including financing of health costs, 114
- introduction, 111
- local community organization, 145
- national voluntary services and service organizations, 149
- population trends: social and economic implications, 112
- psychological and social science research, 143
- rehabilitation, 123
- religion and aging, 137
- research in gerontology, biological, 139
- research in gerontology, medical, 142
- retired citizens, impact of inflation, 117
- role and training of professional personnel, 131
- social services, 126
- state organization, 147

Work capacity and metabolism, 482

ABSTRACT INDEX

Adrenal insufficiency, acute, after steroid therapy in asthmatics with pneumonia (Stevens), 225

Alcohol, effects on absorption of vitamin A (Althausen et al.), 81

Amputations
- above-knee, follow-up survey study (Wolters), 52A (Oct.)
- transmetatarsal (Bradham et al.), 36A (Oct.)

Amyloid, fluorescent strain for differentiation (Kurban), 625

Anemia, pernicious, addisonian, etiology of retrobulbar neuritis (Freeman & Heaton), 40A (Oct.)

Anesthesia
- hypotensive, safety in elderly (Rollason & Hough), 176
- preoperative preparation of geriatric patients (Hanlon), 71A (Apr.)

Angina pectoris, Tersavid, an amine oxidase inhibitor for treatment (Weisman & Weisman), 44A (Nov.)

Arteries
- cerebral, lipid and fatty-acid composition at different stages of atherosclerosis (Böttcher et al.), 32A (Oct.)
- coronary
  - arteriosclerosis in autopsied East Africans and New Yorkers (Scott et al.), 46A (Dec.)
  - lipid and fatty-acid composition at different stages of atherosclerosis (Böttcher et al.), 32A (Oct.)
  - measurement of blood flow following experimental ligation of internal mammary artery (Blair et al.), 82A (Feb.)

Arthritis, rheumatoid, present status of gold, phenylbutazone and chloroquines (Lockie), 52A (Oct.)

Asthma
- chronic, treatment with prednisolone and new steroids (Pearson et al.), 36A (Sept.)
- mucolytic expectorant therapy with iodinated glyceryl ether (Seltzer), 48A (Nov.)
- resuscitation of moribund and emphysematous patient (Leonhardt), 50A (Dec.)
- with pneumonia, acute adrenal insufficiency after steroid therapy (Stevens), 225

Atherosclerosis, different stages, lipid and fatty-acid composition of coronary and cerebral arteries (Böttcher et al.), 32A (Oct.)

B

Barium studies, comparison of barium meals and enemas (Exton-Smith & Osborne), 671

Bile
- duct, common, surgery, stone and stricture (Hallenbeck), 82A (June)
- peritonitis (Cohn, Jr., et al.), 34A (Nov.)

Biliary tract disease, total sphincteroplasty without drainage of common bile duct in treatment (Goinard & Pelissier), 76A (Feb.)

Blood
- folic acid levels and clearance in geriatric cases (Hansen & Nyström), 50A (Dec.)
- glucagon as regulating factor of plasma lipids (Paloyan & Harper, Jr.), 44A (Nov.)
- hemodialysis (Franklin), 597
- plasma volumes in elderly patients after surgery (Semple et al.), 32A (Oct.)

Bone *see* Osteoarthritis

Bowel, lower, diseases in older people (Hopping), 30A (Sept.)

Brain
- diseases, organic, of senility (Yalom), 46A (Sept.)
- *see also* Cerebral

Bronchitis, mucolytic expectorant therapy with an iodinated glyceryl ether (Seltzer), 48A (Nov.)

C

Cancer
- bladder, supervoltage irradiation (Rubin), 46A (Dec.)
- breast
  - incurable, palliative program (Burdick), 36A (Dec.)
  - treatment in elderly women (Hosbein & Mithoefer), 78A (June)
- gastric, palliative surgery (Johnson), 36A (Oct.)
- inoperable, from psychiatric and social standpoints (Gerle et al.), 56A (Sept.)
- liver metastases, serum glutamic oxalacetic transaminase, value in detecting (Baden et al.), 52A (Aug.)
- lung, inoperable, combined therapy with 5-fluorouracil and irradiation (Willett et al.), 34A (Nov.)
- patients, home care (Schulman), 72A (May)
- skin, curettage and electrodesiccation in treatment (Knox et al.), 82A (Jan.)
- squamous-cell, buccal mucosa, treatment (Erich et al.), 78A (Apr.)
- tongue (Henson et al.), 72A (May)

Carbon dioxide, effects of breathing, upon pulmonary circulation (Fishman et al.), 85A (Feb.)

Cardiovascular diseases, low sodium, high water, high potassium regimen in successful management (Sodi-Pallares et al.), 69A (Feb.)

Cerebral
- infarction, anticoagulants for (Carter), 38A (Dec.)
- oxygen uptake, bilateral studies, in normal subjects and patients with organic dementia (Lassen et al.), 489
- *see also* Brain

Colitis, ulcerative, in aged (Bercovitz), 28A (Nov.)

Colon sphincters simulating organic disease (Templeton), 206

D

Diabetes, hypoglycemic agents, oral, and new insulins (Selby), 46A (Sept.)

Dialysis, hemodialysis (Franklin), 597

Disabilities of aged, study of patients in community nursing home (Groves et al.), 72A (Mar.)

Drugs
- amine oxidase inhibitors, new concepts (Scherbel), 42A (Aug.)
- anabolic agents, nilevar and colchicine, effectiveness in therapy of patients who form uric acid stones (Longo & Zinsser), 42A (Aug.)
- anticoagulant therapy complicating intestinal obstruction (Beamish & McCreath), 42A (Dec.)
- anticoagulants for progressive cerebral infarction (Carter), 38A (Dec.)
- antihypertensive agents for malignant hypertension (Sokolow & Perloff), 42A (Sept.)
- biperiden hydrochloride for Parkinson's disease (Lerner), 81A (Jan.)
- chemotherapy, value, in senile mental disturbances (Abse & Dahlstrom), 618
- colistin, analysis of new antibiotic in systemic gram-negative bacterial infection (Hall), 56A (Sept.)
- common, for Parkinson's disease (Doshay & Boshes), 78A (Jan.)
- crystalline pancreatic desoxyribonuclease, intravenous, in patients with gout (Ayvazian & Ayvazian), 40A (Oct.)
- digitalis in surgery, extension of classical indications (Wheat, Jr., & Burford), 28A (Nov.)
- guanethidine for hypertension (Leishman et al.), 38A (Dec.)
- heparin for ischemic heart disease (McDonald & Edgill), 28A (Oct.)
- hypoglycemic agents, oral, and new insulins (Selby), 46A (Sept.)
- imipramine, home treatment of depression (Cleveland & Townsend), 443
- l-methyl-lysergic acid butanolamide, clinical observations in vascular headache (Friedman), 202
- methimazole for thyrotoxicosis (Koskinen), 640
- mucolytic expectorant therapy with iodinated glyceryl ether for asthma, emphysema, and bronchitis (Seltzer), 48A (Nov.)
- norepinephrine, epinephrine, and methoxamine, effects on myocardial contractile force in man (Goldberg et al.), 40A (Nov.)
- parenteral reserpine in treatment of hypertension (Brest & Moyer), 83A (Mar.)
- pentaerythritol tetranitrate, amyl nitrite and alcohol, effect on arterial blood supply to ischemic myocardium (Leighninger et al.), 36A (Dec.)
- perphenazine efficacy for postoperative nausea and vomiting (Bellville et al.), 39A (Aug.)
- prednisolone and new steroids, treatment for chronic asthma (Pearson et al.), 36A (Sept.)
- Protamide for treatment of herpes zoster (Shupala), 678
- Tersavid, an amine oxidase inhibitor, for angina pectoris (Weisman & Weisman), 44A (Nov.)
- tolbutamide causing cholestatic jaundice (Baird & Hull), 299
- tolbutamide, treatment for thromboangiitis obliterans (Singh & Brara), 350
- trimethobenzamide, efficacy for postoperative nausea and vomiting (Bellville et al.), 39A (Aug.)
- trypsin, treatment for peripheral venous disease (Murphy), 580

E

Ear
- labyrinthine disorders, Roniacol in treatment (Dosdos & Arnold), 93
- labyrinthine vestibular function and testing methods (Busis), 236
- Ménière's disease and its pathological mechanism (Golding-Wood), 76A (June)

Embolectomy, arterial, limb salvage after (Goldowsky & Bowen), 156

Emphysema
- match text and its significance (Marks & Bocles), 82A (July)
- mucolytic expectorant therapy with iodinated glyceryl ether (Seltzer), 48A (Nov.)
- pulmonary, pursed-lip technic in abdominal breathing exercises (Egli), 107
- resuscitation of moribund and asthmatic patient (Leonhardt), 50A (Dec.)

Endocarditis, bacterial, in old age (Wedgwood), 74A (July)

Endometriosis, postmenopausal (Kempers et al.), 32A (Aug.)

Epitheliomas, basal cell, transplantation (Lyles et al.), 26

Eye
- ocular causes of vertigo in geriatric patient (Snydacker), 48A (Nov.)
- psychologic problems in geriatric ophthalmology (Bab), 76A (June)
- visual aids for partially sighted (Gunstensen), 66A (May)
- *see also* Glaucoma

F

Falls in old age (Sheldon), 46A (Oct.)

Fat emulsion, intravenous administration (Shils), 99

Fractures
Colles', adjunctive steroid treatment (Brooks), 464
hip, complication of aging (Manpel et al.), 56A (Nov.)

G

Gastrectomies, report on subtotal (Barnes et al.), 80A (Mar.)

Gastric varices, clinical importance (Karr & Wohl), 72A (May)

Gastrointestinal tract
acute hemorrhagic necrosis (Ming & Levitan), 88
massive bleeding, sources in patients with Laennec's cirrhosis (Oetting), 354

Gastrostomy for dysphagia in myasthenia gravis (Dalessio et al.), 663

Glaucoma
angle-closure, acute, intravenous hypertonic urea in management (Hill et al.), 52A (Nov.)
tonometry, routine, in 5,000 patients (Bendor-Samuel et al.), 13
see also Eye

Gout
acute, precipitated by chlorothiazide-induced diuresis (Warshaw), 20
effect of intravenous administration of crystalline pancreatic desoxyribonuclease (Ayvazian & Ayvazian), 40A (Oct.)

H

Headache, vascular, clinical observations with 1-methyl-lysergic acid butanolamide (Friedman), 202

Heart
arterial blood supply to ischemic myocardium, effect of pentaerythritol tetranitrate, amyl nitrite and alcohol (Leighninger et al.), 36A (Dec.)
coronary thrombosis, influence of meteorological changes (Adesola), 622
disease, ischemic, action of heparin (Mc Donald & Edgill), 28A (Oct.)
disease, ischemic, relationship of coronary thrombosis to coronary atherosclerosis (Spain & Bradess), 28A (Oct.)
disease, rheumatic and congenital, errors in diagnosis (Rusk), 56A (Nov.)
disease, therapeutic use of radioactive iodine (Beard et al.), 85A (June)
effects of hyaluronidase on water content of ischemic myocardium (Oliveira & Levy), 335
endocarditis, bacterial, in old age (Wedgwood), 74A (July)
ruptured ventricle, incidence in population of London, 1957-58 (Crawford & Morris), 447
valve-aorta sudanophilia, reduction with dietary magnesium and thyroxine (Nakamura et al.), 74A (Apr.)

Hematoma, subdural, in older patients (Perlmutter), 44A (Nov.)

Hemorrhagic necrosis, acute, of gastrointestinal tract (Ming & Levitan), 88

Hernia
hiatus, oesophageal stricture secondary in aged (Nanson), 478
inguinal and femoral, in elderly patient (Strohl et al.), 458

Hip fracture, complication of aging (Manpel et al.), 56A (Nov.)

Hypertension
essential, serum sodium and potassium for (Levine et al.), 42A (Dec.)
guanethidine for (Leishman et al.), 38A (Dec.)
malignant, five year survival of consecutive patients treated with antihypertensive agents (Sokolow & Perloff), 42A (Sept.)
severe, treatment with parenteral reserpine (Brest & Moyer), 83A (Mar.)

Hypotension, induced, in gynecological surgery (Linacre), 42A (Sept.)

I

Industrial medicine, routine examination of apparently well persons and recognition of disease (Tanzi & Adams), 236

Infarction, myocardial, experimental induction (Myasnikov), 52A (Sept.)

Insulin agents, effect on pancreatic islets (Volk & Lazarus), 76A (Apr.)

J

Jaundice, cholestatic, from tolbutamide (Baird & Hull), 299

K

Kidney
anabolic agents, nilevar and colchicine, effectiveness in therapy of patients who form uric acid stones (Longo & Zinsser), 42A (Aug.)
glomerulonephritis, acute, in elderly patients (Samiy et al.), 30A (Dec.)
nephrocalcinosis, effect of unilateral renal trauma on contralateral kidney of rat (Nadasdi), 32A (Aug.)
urine chloride as test of function (Lyon), 36A (Dec.)

L

Laennec's cirrhosis, sources of massive gastrointestinal bleeding (Oetting), 354

Legs, venous stasis of (McLachlin et al.), 39A (Aug.)

Leukemia, acute, in patients past 50 (Rubio, Jr.), 87A (Jan.)

Lipomul I.V., caloric supplement (Shils), 99

Liver
- cholecystostomy in aged (Condon & Nyhus), 28A (Aug.)
- cholestatic jaundice from tolbutamide (Baird & Hull), 299
- evaluation of oral glutamate in ammonemia due to blood in gastrointestinal tract (Bessman & Mirick), 32A (Aug.)
- function in patients with elevated serum cholesterol or low-density lipoproteins (Engelberg), 66A (May)
- histologic findings in aging process (Carr et al.), 367
- metastases, value of serum glutamic oxalacetic transaminase in detecting (Baden et al.), 52A (Aug.)

Lung
- carcinoma, inoperable, combined therapy of 5-fluorouracil and irradiation (Willett et al.), 34A (Nov.)
- rebreathing tube in prevention of postoperative atelectasis (Darin et al.), 78A (July)
- surgery, factors influencing morbidity and mortality (Shields), 36A (Sept.)

M

Ménière's disease
- pathological mechanism (Golding-Wood), 76A (June)
- *see also* Ear

Myalgia of head, current concepts (Ryan), 52A (Nov.)

Myocardial
- contractile force, effects of norepinephrine, epinephrine, and methoxamine (Goldberg et al.), 40A (Nov.)
- infarction, experimental induction (Myasnikov et al.), 52A (Sept.)

N

Nervous system
- central, body-water changes in degenerative diseases (Woodford-Williams & Webster), 48A (Nov.)
- deep reflexes in old age (Ellenberg), 28A (Aug.)
- neuralgia, herpetic, Protamide for (Shupala), 678
- neuritis, retrobulbar, etiology in addisonian pernicious anemia (Freeman & Heaton), 40A (Oct.)

Nicotinic acid and nicotinamide, effect on incorporation of acetate into cholesterol, fatty acids and CO_2 by rat liver slices (Perry), 481

Nursing home, disabilities of aged patients (Groves et al.), 72A (Mar.)

Nutrition, Lipomul I. V., caloric supplement (Shils), 99

O

Osteoarthritis and symptomatic arthritis (Herrell), 52A (Sept.)

P

Pain, sensitivity in aged (Sherman & Robillard), 611

Pancreas, islets, effect of insulinogenic agents (Volk & Lazarus), 76A (Apr.)

Parkinson's disease
- biperiden hydrochloride in treatment (Lerner), 81A (Jan.)
- therapy, three essentials (Doshay & Boshes), 78A (Jan.)

Peritonitis, bile (Cohn, Jr., et al.), 34A (Nov.)

Psychiatric problems
- cancer, inoperable, psychiatric and social standpoints (Gerle et al.), 56A (Sept.)
- chemotherapy, in senile mental disturbances (Abse & Dahlstrom), 618
- confusion in elderly, remediable causes (Nobbs), 30A (Sept.)
- dementia, organic, cerebral oxygen uptake (Lassen et al.), 489
- dementia, senile (Beresford), 603
- depression, home treatment with imipramine (Cleveland & Townsend), 443
- management of aged (Busse & Reckless), 46A (Oct.)
- psychologic function, measurement in geriatric patients (Pelz et al.), 30A (Dec.)
- state hospital admittance, causes (Grabski), 74A (July)

Pulmonary circulation, effects of breathing carbon dioxide (Fishman et al.), 85A (Feb.)

R

Roniacol in treatment of certain labyrinthine disorders (Dosdos & Arnold), 93

S

Shock due to infection, pathogenesis and management (Spink), 78A (July)

Skin
- cancer, curettage and electrodesiccation (Knox et al.), 82A (Jan.)
- pressure lesions, preventive and curative program (Hayhurst & Kirk), 192
- tumors, benign and malignant, in elderly (Becker & Brennan), 28A (Oct.)

Speech, rehabilitation in paralytic dysphonia (Arnold), 52A (Nov.)

Steroid treatment, adjunctive, of Colles' fractures (Brooks), 464

Surgery
- bile duct, stone and stricture prevention (Hallenbeck), 82A (June)
- digitalis in, extension of classical indications (Wheat, Jr., & Burford), 28A (Nov.)
- elderly patient, a challenge in surgical management (Bosien & Bosien), 72A (Mar.)
- gastrostomy for dysphagia in myasthenia gravis patients (Dalessio et al.), 663
- gynecological, induced hypotension (Linacre), 42A (Sept.)
- nausea and vomiting, postoperative, trimethobenzamide and perphenazine for (Bellville et al.), 39A (Aug.)
- plasma and blood volumes in elderly patients (Semple et al.), 32A (Oct.)
- preparation for anesthesia and operation (Hanlon), 71A (Apr.)
- pulmonary, factors influencing morbidity and mortality (Shields), 36A (Sept.)
- sepsis, report on subtotal gastrectomies (Barnes et al.), 80A (Mar.)

T

Thromboangiitis obliterans, tolbutamide in treatment (Sinh & Brara), 350

Thrombosis
- coronary, influence of meteorological changes (Adesola), 622
- prevention and treatment (Deaton et al.), 40A (Nov.)

Thyroid, methimazole treatment for thyrotoxicosis (Koskinen), 640

Tongue, carcinoma (Henson et al.), 72A (May)

Tremor, physiological, effect of aging (Marshall), 46A (Oct.)

Tumors, cutaneous, frequency in elderly (Becker & Brennan), 28A (Oct.)

U

Ulcers
- leg, response to topical medicaments (Fergusson & Logan), 36A (Oct.)
- peptic, in primary hyperparathyroidism (Ostrow et al.), 52A (Sept.)

Urinary tract
- fungus infection (Sokol), 305
- infection after prostatectomy, prevention (Miller et al.), 52A (Aug.)
- urethrocystopexy for stress incontinence in female (Greco & Anllo), 40A (Oct.)

V

Veins
- peripheral disease, treatment with trypsin (Murphy), 580
- stasis in lower extremities (McLachlin et al.), 39A (Aug.)

Vertigo, ocular causes in geriatric patient (Snydacker), 48A (Nov.)

Vitamin A, effects of alcohol on absorption, in normal and gastrectomized subjects (Althausen et al.), 81
